

## **Transferring Your Credits**

At Grand View, we keep our transfer process simple and transfer policies friendly. All college-parallel credits from accredited institutions are typically accepted.

### **General Guidelines**

- The maximum number of transfer credits from junior/community colleges is 75 semester hours.
- The maximum number of vocational/technical transfer credits from junior/community colleges is 30 semester hours.
- A total of 4 activity credits are allowed for transfer.
- All community college credit is considered lower division (100/200) level course work. Even if its equivalent course is an upper division course the credit will not apply to the graduation requirements of needing 30 upper division credits.
- See catalog for minimum grade requirements

### **AA/AS Degree**

The Associate in Arts (AA) and the Associate in Science (AS) degrees satisfy the Grand View University General Education Core requirements for the Baccalaureate Degree except for the composition and quantitative reasoning courses unless specifically fulfilled by transfer coursework. A minimum grade of C- is required for core composition and quantitative reasoning.

### **Full Transfer credit policy**

Below is a list of frequently transferred Iowa community college courses and their standard equivalent course at Grand View University, along with the Grand View academic Core requirement the course meets. This is not an all-inclusive list and is still being added to and will have regular updates. If you do not see a course which you have either taken or are interested in taking, please contact your admission representative (for prospective students) or the Registrar's Office, [rbaron@grandview.edu](mailto:rbaron@grandview.edu) (for current students) for an updated equivalency for that course.

Important: This is only a guide and not a transfer equivalency contract. It is subject to change. Prospective students are advised to contact your admission representative or the Registrar's office. Current students should work with your advisor to determine how a particular course taken will transfer to Grand View and what academic requirement it may, at that time, fulfill.

Grand View's core consists of:

- I. Core Foundations
  - a. Core Seminars
  - b. Composition
  - c. Quantitative Reasoning (**QRF**)
- II. Core Domains
  - a. Understanding and Appreciation of the Fine Arts (**AFA**)
  - b. Understanding the Natural World (**NW**)
  - c. Questions of Faith and Meaning (**FM**)
  - d. Understanding Society and Human Behavior (**SHB**)

More information on [Core Requirements](#) or [Graduation requirements](#)

For transfer courses without a direct equivalent course at Grand View, a general subject and either elective or core domain codes is assigned ie. Socs-shb = a sociology course that meets Core Domain Understanding Society and Human Behavior

Developmental Math transfer (0 credit courses can be used as prerequisites)

Mat 072 = Math 095 0 crs.

Mat 073 = Math 095 0 crs.

Mat 092 = Math 095 0 crs.

Mat 099 = Math 096 0 crs.

Mat 101 = Math 095 3 crs.

Mat 102 = Math 095 3 crs.
